Experience

Front-End Development Intern–

SalesQueen Software Solutions, Chennai (*Remote*) | Aug 2025* | 3 Months | 40 hrs/week

- Developed and optimized responsive web interfaces using **HTML5, CSS3, JavaScript**, and **Bootstrap**.
- Collaborated with UI/UX designers and backend engineers to **implement modern, user-focused designs**.
- Enhanced website **performance, accessibility**, and **cross-browser compatibility** through clean, efficient code.

Web Development Intern–

Suvidha Foundation (CSR Skill Development Program) | dec 2024 – mar 2025 | (*Remote*)

- Developed and deployed **full-stack web applications** integrating **Web Analytics, NLP**, and **NLG-based features** to enhance automation and data insights.
- Implemented and analyzed web solutions ensuring **code quality, originality, and compliance** with confidentiality and NDA standards.
- Collaborated with research mentors to deliver **innovative, plagiarism-free web projects** aligned with the organization's **CSR and skill development** goals.

Projects

Todo App – Collage Project

[Github link](#)

- Built a **full-stack Todo application** with **React (Vite), TailwindCSS, Node.js, Express.js**.
- Implemented **CRUD operations** with **Axios**, supporting dynamic **add, edit, delete, and complete tasks**.
- Designed a **responsive, animated UI** using **Framer Motion** and toast notifications for better UX.
- Configured **environment variables** for flexible frontend-backend integration and production deployment.

Resume Builder (C++) - Solo Project

[Github link](#)

- Developed a **console-based Resume Builder** using **C++** as a self-initiated project.
- Implemented file handling to auto-generate structured **.txt resumes** from user input.

Education

Indian Institute of Technology, Guwahati	5.5 / 10.0
B.Tech in CS	2019 - 2025
Senior Secondary School	78%
CBSE Board	2018
Secondary School	9.2 CGPA
CBSE Board	2016

Technical Skills

Programming	C++, C, Python (Basic), HTML, CSS, Tailwind CSS, JavaScript, PHP, Node.js, Express.js
Frameworks / Database	React, MySQL, MongoDB
Operating Systems	Ubuntu, Windows
Tools / Typesetting	Git, GitHub, VS Code, Office, LATEX, Photoshop

Key Courses Taken

Mathematics	Linear Algebra, Basic Calculus, Discrete Maths, Probability & Random Processes.
Core Computer Science	Data Structures and Algorithms, OOPS , Operating Systems, Database Management Systems.
Advanced Topics	Artificial Intelligence (AI), <i>Machine Learning*</i> , Deep Learning*.
